In the meeting, it was unanimously decided that in all the semesters an additional core course was introduced i.e. Lab 1-4 each of two credits from semesters I to IV each. However in semester II course no. - Bioresources and Bioresources will be shifted in place of Wood Resources and new course namely Cellular and mol Immunology will be introduced in sem-II rather than DCE course instead of Bioresources and Bioresources

In Sem-III Food Resource will be replaced by Bioprocesses and Biopesticides. In Sem-IV no change will be there. However practical course will be introduced as 2-4.

It is in General Electives course section

(4) courses are removed and

1. Algal Resource
2. Bioscience management
3. Biotech and Crop management.
4. Organic Farming

However - Medical Resource and Algal Resource will be closed as a single course.

In open Elective section, no change was made.

It has resolved that to change nomenclature of Bioprocesses and Biopesticides as Sustainable Crop Management.

Next meeting will be on _____
