UNIVERSITY OF KASHMIR

in collaboration with

SERB-DST, Ministry of Science and Technology, Govt. of India

organizes

1st J&K International Conference on BREAST CANCER

22-24 October 2024

<https://bioresourcesconference.uok.edu.in>

CONFERENCE OBJECTIVES

- Recent advances in Breast Cancer Treatment.
- Genetics of Breast cancer.
- Role of AI and machine learning in Breast Cancer.
- Latest trends in Breast cancer diagnosis and early detection.
- Role of nursing science in breast cancer management.
- Risks posed by environmental chemicals in Breast Cancer.
- Diet and lifestyle impact on breast cancer.
- Ongoing clinical Trial Updates in Breast Cancer
- Focus on Triple Negative Breast Cancer with worst Prognosis.
- Acknowledging research gaps and finding solutions for Breast Cancer
- Policy solutions needed to progress breast cancer prevention

Earn 10 CME Credits

Apporoved by JK Medical Council

organize one day webinar on

RISE AGAINST CANCER

“Breast Cancer Awareness”

Date: 31st October 2021 | Time: 10:45 AM – 2:15 PM

OCTOBER BREAST CANCER AWARENESS MONTH

Early detection is the best prevention

Prof. (Dr) Talat Ahmad
(Hon'ble Vice Chancellor), UOK

Dr. Manzoor Ahmad Mir
(Coordinator/Organizing secretary),
Department of Bioresources, UOK

Dr Nisar Ahmad Mir
(Registrar), UOK

Dr Shamima wani,
Head surgical oncology, GMC
Srinagar

Mrs. Sunita Gupta,
Hon. Joint Secretary,
Indian Cancer Society, New Delhi

Dr Shabnam Bashir,
Breast cancer expert and
Senior Consultant.

Who can join: We encourage all Students/Researchers/Teachers to attend the webinar to get awareness about breast cancer and its need for early detection.

Certificate Eligibility: Certificate will be given to participants who pass quiz test at the end of webinar

Awareness programme/ Workshop on Organ Donation & Tissue Transplantation held at Gandhi Bhawan, KU

■ TNN BUREAU

SRINAGAR: The first ever awareness program cum workshop on the Organ Donation and Tissue Transplant was Wednesday organized by Department of Bioresources and Department of Home Science, from University of Kashmir and JK Science Technology & Innovation Council (JKTIC), JKDST in collaboration with State Organ and Tissue Transplant Organization (SOTTO) J&K under the aegis of Ministry of Health & Family Welfare, Govt. of India.

The program witnessed participation by around 200 people including Medical professionals, Educational professionals and students from various departments from University of Kashmir.

As awareness is the key to success, the series of events include conduct of awareness programme cum workshop, display of banners and posters for awareness of general public, and awareness through print, electronic and

social media.

The programme was inaugurated by Vice Chancellor University of Kashmir, Prof. Neelofar Khan. In her talk, she said that this Awareness programme cum Workshop on Organ Donation and Tissue Transplantation is first of its kind being organized by University of Kashmir, and such programmes should be organized by the institute regularly to raise awareness for organ/tissue donation.

This was followed by views shared by eminent dignitaries, including Saurabh Bhagat, Commissioner Secretary JKST&IC; Prof. Pervaiz Koul, Director SKIMS; Dr. Nisar Ahmad Mir, Registrar, University of Kashmir, and Prof. Elias Sharma, Nodal Officer SOTTO J&K about this noble act of organ donation and tissue transplantation various.

Saurabh Bhagat addressed the lack of awareness and understanding among the general public regarding organ donation and

tissue transplantation. He further said that by dispelling myths, providing accurate information, and fostering open dialogue, the people will somehow get encouraged to participate in this favorable act.

Prof. Pervaiz Koul also highlighted the role and need of this noble act in a very articulate manner. He motivated all to become an Organ Donor and save lives of many who are waiting for organ transplantation.

Dr. Nisar Ahmad Mir addressed the need for this noble act. He said that such collaborative effort is the need of the hour in present times. He said that university is open to such collaborations that are doing such tremendous and noble acts for the welfare of the whole community.

Also, Prof. Elias put his views and thoughts before the audience in view of the organ transplantation. He cleared the myths about organ donation and inspired the audience for taking the pledge for organ donation

after death.

On the occasion, Prof. Nilofar and other dignitaries released a book related to breast cancer, authored by Dr. Manzoor Ahmad Mir, HOD department of Bio resources.

The inaugural session was then followed by a technical session where several eminent speakers from different medical institutes delivered their talks in a very understandable manner.

The event also witnessed the presence of various principals from several GMCs of J&K. Dr. (Prof) Tariq Syed Qureshi, Principal GMC Anantnag in his remarks said nothing can be more selfless than truly giving those in need, a ray of hope and more precisely, a second chance to live.

Reflecting the key initiatives undertaken by SOTTO J&K, Prof. Elias Sharma, Nodal Officer SOTTO J&K informed the audience about types of Donors, Brain Stem Death, organs which can be donated, myths and superstitions etc."

KU organizes webinar on breast cancer awareness

Srinagar, Oct 31: The Department of Bioresources University of Kashmir in collaboration with Indian Cancer Society on Sunday organized an online national level workshop on breast cancer awareness.

The theme of the programme was: "Breast Cancer Care: Screen for Early Detection, Treatment, Research and Education."

More than 300 participants from across the country joined the workshop, organized as part of Breast Cancer Awareness Month being commemorated in October every year.

In his message, KU Vice-Chancellor Prof Talat Ahmad urged that breast cancer awareness should reach the young generation so that they get educated about the risk factors, screening and early detection.

"We need to pool and share our resources, using the latest technologies for the diagnosis, treatment and awareness about breast cancer," he said.

KU Registrar Dr Nisar Ahmad Mir inaugurated the workshop and discussed the emerging trends of cancers globally. He emphasized on awareness and early detection of breast cancer for its

early treatment.

Dr Mir acknowledged the role of the Department of Bioresources in conducting workshops on emerging and important issues.

The Registrar emphasized the need to have a breast cancer screening cum-detection centre at the University Health Centre and asked Dr Manzoor A Mir, Organising Secretary of the workshop, to work out the modalities for the same.

Dr Manzoor Ahmad Mir, Coordinator, Department of Bioresources and organizing secretary of the webinar gave an overall scenario of breast cancer and said that everyone must work together to create a 'national strategy' for awareness and early detection of breast cancer.

He welcomed the participants from various institutions across the country and highlighted the teaching and research activities of the Department of Bioresources.

Dr Shamima Wani, Assistant Professor and Head, Surgical Oncology, GMC Srinagar made an elaborate presentation on the overview and awareness about breast cancer. He also spoke about the patients and patient-care related to breast cancer available in the tertiary-care centers of Kashmir.

Sunita Gupta, Joint Secretary, Indian Cancer Society New Delhi highlighted the role of the organisation towards raising awareness and prevention of breast cancer.

"Breast Cancer is rapidly rising amongst women in urban areas and it is one of the most common cancers in the country," Gupta said.

Dr Shabnam Bashir, Senior Consultant (breast cancer) and an Alumni of Roswell Park Cancer Institute USA gave a detailed presentation on overall aspects of breast cancer. She talked extensively about preventive strategies, role of diet and lifestyle, signs, symptoms and risk factors related to breast cancer. She also answered queries of the participants.

The workshop concluded with a quiz wherein the qualifiers were awarded with certificates. Dr Bashir delivered a vote of thanks.
